

125/103 Acres at Meyers Industrial Park/Swett Avenue

The county approved giving us this property.

Speculative Buildings

Pickle Construction is approved to proceed with two new speculative buildings and to begin the first \$375K draw for steel deposits and engineering.

Southerfield

- Clearing is still ongoing.
- • Paul marked several trees to remain.
- • We might install rail fencing. Installation costs are estimated at approximately \$75K, including tree removal and burial, fencing, and materials.
- • All trees have been laid down by the county. This is a cost-saving for the Authority, and burning was easier.

GRAD

Two outside companies have reviewed the GRAD application on our behalf.

Bumphead Acreage Next to the Primary School (Greene Property)

- The tracks are no longer in use, so the railroad believes we may have a chance to obtain the required access to cross the tracks.
- • Still researching the power line easement.
- • The survey is complete.

Mike Horne moved to proceed with the purchase of the Bumphead acreage next to the school. Bob Schuster seconded the motion. The vote on the subject was unanimous.

New Company

A new company has issued an LOI to us.

Central and West Georgia Collaborative

Rusty and Paul Farr attended. This event showed what other counties are doing.

Meeting

A meeting was held with the mayor, 2 councilmen, and the county chairman to discuss projects.

Edgewater

Collaborated with Edgewater on updates regarding the old bank building. All seems on track.

Odum

Odum Supply is expanding through a company from India. They wanted more property in the back, but the housing project could not change their plans.

G&W Railroad

A meeting was held to discuss future plans.

Mayor and New City Manager

A meeting was held to discuss future plans.
